

Wide Stretcher Handle

Design

- Designed to work with the Gazelle and Titan Series Basket Stretchers, including Titan 32"
- Constructed from 7/8" Stainless Steel tubing - with rubber grips
- Stretcher Handles enable rescuers at the foot and head-end of the stretcher to carry the stretcher away from their bodies for an easier and more ergonomical carry
- 2 handles required for all Basket Stretchers

Sherpa Shoulder Harness

Design

- Adjustable in length for an individual fit
- Designed to allow a rescuer to distribute the weight of a rescue load between their upper body and arm for an easier and more ergonomic carry
- Can be used on its own or in conjunction with our Traverse Rescue Stretcher Handle

Grab 'n Go Handles

Design

- Will attach to any stretcher or backboard
- Reduces the amount of bending when lifting by adding approx. 30 cm to the lifting point
- Reduces strain on back, awkward lifting angles and minimizes abrasions on hands and knuckles
- Handles come in sets of 2

Part No.	Description
15-0240	Wide Stretcher Handle
15-0145	Sherpa Shoulder Harness
05-0135	Grab 'n Go Handles (set of 2)
