

Features

- Fully adjustable litter bridles for use with any style litter
- Steel "D" ring on the end of each leg of the hard eye litter bridle
- Webbing loop on the end of each leg of the soft eye litter bridle
- Parachute buckles used on each of the four legs allow them to be adjusted independently -- stretcher can easily be set at the best angle for patient comfort

Design

- For use in rescue situations where raising and lowering of a basket stretcher is required during technical rescue operations
- All hardware meets NFPA and military specifications
- Use of Mil-Spec hardware throughout reduces wear on the web

Hard Eye Litter Bridle

Soft Eye Litter Bridle
